Harness Makers.

Phone Main 90. Waverly Bldg., Bethel St. P. O. Box 133.

## CABLE IS WORKING THROUGH

Will Not Be in Condition for Fortnight.

Shore Lines at Manila and Guam Not Yet Laid.

Expert Staff Will Be Divided Some Going Home by the Next Alameda.

The San Francisco-Manila cable line is ready and in good working order but it will not be opened to the public for about two weeks, or until after the middle of the month. The Manila cable was in use all night Saturday and until three o'clock Sunday morning, and yesterday messages were still going through.

The cable will not be finally opened for commercial use until after everything is in perfect readiness. The trench cable at both Guam and Manila is not ready for use, there having been some delay in putting down the cable to connect the offices with the shore hut. The delay is accounted for at Guam by illness among the men sent to do the work. It is possible, however, to send messages over the line but it would be rather inconvenient for general use, until the work at Guam and Manila has been fully completed.

The work of transferring the remaining cable from the Anglia to the tanks will be commenced today.

The cable staff will be broken up here, as was the case when the Silver-town laid the first cable. The inspection staff will leave the ship. Capt. Pattison has been recalled to London and will make the trip quickly as possible. With his assistants he will leave in the Alameda on the 15th.

The Anglia will remain in the harbor until about the same day and will then take her way back across the Pacific, calling on the way home at Midway, where a number of instruments will be left. Mrs. Colley, wife of the superintendent there, will make the journey in the ship, to join her husband. While in port the Anglia will fill her tanks with coal.

Mr. Todhunter, one of the electrical staff, will stay here during the thirty days of testing, to take the record of the cable.

## NEW SCIENTIFIC PROCESS.

A Preparation Discovered That Will Destroy the Dandruff Germ.

For some time it has been known that dandruff is caused by a germ that digs up the scalp into little white flakes, and by sapping the vitality of the hair at the root, causes falling hair, and, of course, finally baldness. For years there have been all kinds of hair stimulants and scalp tonics on the market, but there has been no permanent cure for dandruff until the discovery of a preparation called Newbro's Herpicide, which destroys the dandruff germ. Destroy the cause, the effect will cease to exist. Kill the dandruff germ and you'll have no itching scalp, no falling hair.

## C. L. CARTER MEMORIAL AT NEW LEAHI HOSPITAL

Money Collected by Members of the Citizen's Guard Used to Establish Operating Room at Hospital for Incurables.

The Charles L. Carter Memorial fund, which was raised by subscription among the members of the Citizens Guard as a tribute to their fellow member who was killed during the revolution of 1895, has been expended for an operating room, with all necessary appliances, at the new Leahi Hospital for Incurables, at Kaimuki.

This disposition of the fund was made some time ago and the memorial room has been opened and is being used for the regular work of the hospital. The operating room was fitted out with an operating table and the latest instrument of science, a handsome cabinet being also provided for their proper care. The room is designated by a small stone tablet upon which

## MAUI HAS FINE RACES

Great Crowd to See Sport at Kahului.

Honolulu Horse Captures Two Events in Harness.

Kamehameha Defeats All Maui Team at Baseball Amid Great Enthusiasm.

[Special by Wireless Telegraph.]

WAILUKU, July 5.—Maui had a race day which was of the highest quality of recent years, yesterday, and the sports carnival was closed today with a great ball game between a team from the Maui Athletic Association and the Kamehamehas, of Honolulu.

Both events drew crowds which filled the enclosures. Spreckels Park at Kahului was the scene of the racing, and better going has seldom been witnessed. The day was perfection and the track was fast. The people began to gather early and when the special train with race goers brought the last of the Wailuku folk, they found a stand full of those who were ready to be delighted by the sport. The results of the racing were as follows:

First race—Free for all, harness event. Billy Lemp won. Time, 2:34.

Second race—Maui horses, harness. McKinley won. Time, 2:32 2-5.

Third race—Hawaiian bred, running race, half mile. Benney won. Time, .55.

Fourth race—Japanese horses, one-half mile dash. Socoyo won.

Fifth race—Harness, 2:30 class. Billy Lemp won. Time, 2:33.

Sixth race—Mile and a half dash, relay race. Thompson won. Time, 4:45.

Seventh race—Pony race, half mile dash. Socoyo won.

Eighth race—Special harness. McKinley won. Time, 2:38.

Ninth race—Japanese, one mile dash. Yokohama won. Time, 1:56.

Tenth race—Three-quarters mile dash. Benney won. Time, 1:25.

The baseball game this afternoon was one of the best played here recently. The Kamehamehas were in fine form and outplayed the Maui picked team at every point. Wells Park was filled with spectators who were filled with enthusiasm over the exhibition. The result was the victory of the visitors by four to three. The Kamehamehas were given a great reception and their winning was the signal for a round of cheers.

DYSENTERY causes the death of more people than small pox and yellow fever combined. In an army it is dreaded more than a battle. It requires prompt and effective treatment. Chamberlain's Cholera, Cholera, and Diarrhoea Remedy has been used in nine epidemics of dysentery in the United States with perfect success, and has cured the most malignant cases both of children and adults, and under the most trying conditions. Every household should have a bottle at hand. Get it today. It may save a life. Benson, Smith & Co., Ltd., Wholesale Agents, sell it.
